DESIGN BRIEF

The ultimate party boat... surprisingly fast!

Party Cat is the brainstorm of Rich Welter who came to us to design and build the most fun party boat possible for Key West.

Party Cat is certified for 149 passengers and equipped with a complete restaurant, kitchen, bar, food service and dance hall on the interior of the main deck and exterior seating forward and aft of the main deck cabin. The huge upper 'sunset' deck features a full service bar and plenty of space for a party. Air-conditioned, wide screen satellite TV's, Margarita machines, water toys and fun guaranteed for all define its mission. Additional water toys are delivered out to a private island spot where she stops for the day.

And don't be deceived by her looks... She'll blow you away with speeds well above twenty knots!

SPECIFICATIONS

Length	65'
Beam	32'
Displacement	100,000 lbs
Passengers	150
Engines	2 x 357 hp
Cruise Speed	18 knots
Full Speed	22 knots
